

How to use you Family Budget Worksheet

- 1) Fill out the worksheet as thoroughly as possible and include dollar figures with the categories you fill in.
- 2) Take time to really brainstorm and make sure you include all income and expenses. If anything changes, be sure to add it to the worksheet so you can keep track of your income/expenses.
- 3) If your expenses exceed your income, use this worksheet to help figure out where you can reduce expenses or gain more income.
